Attended workshops conducted by "APSSDC"

CERTIFICATES

Certified in Elements Of AI by Reaktor Education

Certified in The Joy Of Computing Using Python by NPTEL

Certified in Python for Data Science by IBM Corporation

PERSONAL PROJECTS

Phishing Website Detection Using Machine Learning

▫ This project is an innovative approach to identifying malicious websites designed to trick users into revealing sensitive information, such as login credentials, financial data, or personal details. This technique leverages the power of machine learning algorithms to automatically classify websites as either legitimate or phishing.
